

# DevOps Engineer

**Work Place : Belgrade/ Cacak / Kragujevac / Nis**

At Quantox, you will work with the team of 160 experts, who possess significant knowledge and extensive experience in the programming.

Managing projects through all the cycles, from idea to realization, does not only represent a project task but a professional challenge and a pleasure for the team of Quantox.

Along with the engagement in the ongoing projects, our team is active in continuous training, and permanently developing their knowledge and experience in the latest techniques and technologies.

For these purposes,  
we are looking for DevOps Engineer

## **You will:**

- Working with the system architect and software developers to create a scalable and performant cloud application infrastructure
- Develop and maintain the CI/CD build stack for internal Infrastructure and Development teams
- Continually improve onboarding, adoption and time to consumption by writing and developing automation routines
- Create reporting modules and dashboards on CI/CD usage, audits, deployment status and queue management
- Actively work with Development, Operations and QA on issues and gaps solution design and implementation
- Become a part of fast growing, dynamic & innovative team

## **If you have:**

- Advanced knowledge of popular linux distributions such as Debian, Ubuntu and Centos
- Basic knowledge of Windows and MacOS for setting up the developer environment on their machines
- Understand the work of web applications
- Knowledge about what RESTful APIs are
- Knowing the standard of http response codes
- Experience with: apache, nginx, mysql, iptables, nodejs, git (experience with gitlab is plus)
- Also experience with: letsencrypt, vagrant, docker, jenkins, AWS
- Desirable but not necessarily - redis, mongodb, postgresql, elasticsearch
- Experience in configuring load balancer and CND
- Excellent communication and collaboration skills with demonstrated ability to work across various levels of an organization and problem solving skills

**We offer:**

- Conventions and conferences in and out of country
- Modern office in popular location
- Flexible working hours
- Employee Gatherings and Team Building Activities
- Creative working environment
- Private health insurance
- and much more

If you are interested in becoming a part of our dynamic team, please send your resume electronically, or to [hr@quantox.com](mailto:hr@quantox.com) .Only shortlisted candidates will be contacted.
