

## Go developer - Hosting Management Tools

### Job Description Summary

GoDaddy powers the world's largest cloud platform dedicated to small, independent ventures. With nearly 17 million customers worldwide and over 75 million domain names under management, GoDaddy is the place people come to name their idea, build a professional website, attract customers and manage their work. Our mission is to give our customers the tools, insights and the people to transform their ideas and personal initiative into success. To learn more about the company visit [www.GoDaddy.com](http://www.GoDaddy.com).

### Daily Responsibilities

- Writing code with a focus on quality, scalability, and testability
- Tracking down the root cause of issues and performing analysis
- Giving and receiving detailed code review feedback to/from your peers
- Being a self-starter who is not afraid to ask questions and/or challenge the status quo
- Turning complex business objectives into simple and scalable solutions
- Doing the best work of your career on a team that encourages and challenges one another

### Requirements

- BS in Computer Science, Computer Engineering, or equivalent experience
- Strong experience in Go (1+ years) and software development (3+ years)
- Experience with relational databases (e.g. MySQL, PostgreSQL...)
- Proven experience with web-based technologies and RESTful APIs
- Comfortable in all aspects of agile development methodology
- Good verbal and oral communication in English

### You are a good fit if

- You have a passion for technology
- You love owning your results and being independent
- You are a lifelong learner, always willing to accept new opportunities and eager to gain new skills
- You have strong interpersonal and communication skills, flexibility, team spirit, and a positive approach

### What we offer

- Competitive salary and an annual bonus based on performance
- Full-time employment in accordance with the labor law
- Clearly defined career path and mentorship
- Flexible working schedule and time off
- In-office breakfast, lunch, coffee
- Private health-care
- Learning and development budget for every employee
- ...and many other company organized fun activities that you and your family can attend
