

# Frontend Developer

**Work Place : Belgrade/ Cacak / Kragujevac / Nis**

Our team has grown to include more than 100 highly qualified experts in their fields and their combined talents allow us to confidently create virtually any kind of digital product for desktop, mobile, and VR devices. Each project is managed by a dedicated Project Manager who will serve at a single point of contact for you, streamlining the entire process while setting clearly defined milestones and managing our in-house staff in a modular manner to provide only the programming services, fully responsive designs, development of native mobile apps, full time server management, unique content creation or other specific services needed to exceed highest expectations.

We are looking for FrontEnd Web Developer

As a valuable member of our team, you will be working closely with a team of highly skilled developers, on projects different scales.

## **You will:**

- Work on templates for customized web applications based on PHP framework
- Craft wonderful interfaces from existing designs
- Build Javascript functionalities that will improve user interaction

**If you have:**

- Minimum of 2 years of professional web development experience
- High proficiency with HTML5/CSS3 and table-less implementation
- Experience with Javascript. JQuery experience is a plus
- Experience using Adobe Photoshop
- Experience with source control repositories (GIT) is a plus
- Ability to work well within teams
- Good knowledge of English, written and spoken

**We offer:**

- Conventions and conferences in and out of country
- Modern office in popular location
- Flexible working hours
- Employee Gatherings and Team Building Activities
- Creative working environment
- Private health insurance
- and much more

If you are interested in becoming a part of our dynamic team, please send your resume electronically, or to [hr@quantox.com](mailto:hr@quantox.com) .Only shortlisted candidates will be contacted.
