

## Project Manager

We build digital platforms for dreamers big and small. And we're growing our team!

Deploy is a technology agency that partners with creative and tech company clients, as well as start-ups from a variety of industries to deliver mission critical technology solutions.

If you are a great communicator, flexible in your approach and can work with both technical and non-technical audiences, keep on reading. :) Deploy Project Managers thrive while planning projects, working with a team and conquering challenges.

### Responsibilities:

- Establish great working relationship with clients and internal technical team
- Ability to lead multiple projects concurrently
- Ensure that all projects are delivered on-time, within scope and within budget
- Manage changes to the project scope, project schedule, and project costs using appropriate verification techniques
- Perform risk management
- Prepare estimates and proposals with the support of the technical team
- Provide status and burn reports to clients and leadership

### Qualifications:

- Experience in managing teams and projects
- Excellent English speaker
- Outstanding organizational skills including attention to detail and multi-tasking
- Exceptional client-facing and internal communication skills (both written and verbal)
- Solid technical background with understanding and/or hands-on experience in software development and web technologies

### Yours benefits:

- Competitive salary
- Friendly atmosphere
- Good work/life balance
- Engaging projects
- Supportive management
- Downtown office location
- Work from home options
- ...and other perks
