

**Are you a natural leader and still have the ability to write code “like a boss”? Then this role in Belgrade could be the right fit for you!**

## **Front – End Team Leader**

### ***What you'll need:***

- ▶ Good understanding of JavaScript (EcmaScript spec, event loop, V8 ...)
- ▶ Knowing the best practices of the Front End and the ability to see advantages and disadvantages in different approaches
- ▶ Good knowledge of UX for recommendations and implementation of different solutions
- ▶ Experience with setting up Web architecture and implementation of modular, scalable solutions
- ▶ Understanding how Browsers work (CSS rendering and optimizations, JS code execution flow, ...)
- ▶ Experience with the Web Browser API (Websockets, WASM, Service Workers ...)
- ▶ Knowing client-server architecture and the network itself (HTTP, WS, SSL ...)
- ▶ Ability to solve complex problems without supervision (review code, team management ...)
- ▶ Experience with Unit, Integration, E2E testing
- ▶ A few years of experience with some JavaScript framework

### ***Our client offers:***

- ▶ Top of the class equipment
- ▶ Conventions and conferences in and out of country
- ▶ Flexible working hours
- ▶ Employee Gatherings and Team Building Activities
- ▶ and much more!

The Adecco logo is displayed in a large, bold, red sans-serif font.
